The Embassy of the Islamic Republic of Iran presents its compliments to the Ministry of foreign affairs of the Kingdom of Sweden and has the honor to inform that Mr. Alireza Akhondi, a member of the Swedish Parliament, has published a strange online content regarding the Islamic Republic of Iran, recently. In this ridiculous act which puts his dignity and the prestige of the parliament under question, he uses inappropriate words, insults and threatens Iranian military and civil authorities, especially the Supreme Leader of the Islamic Republic of Iran, Ayatollah Khamenei. He also provokes the Iranian military forces to disobey their duties. Therefore, his action is against the internationally accepted rules and customs.

Although his unprofessional and inappropriate behavior has been ridiculed by many viewers, it can still be considered as a threat and inference in the internal affairs of the Islamic Republic of Iran. He should be reminded that the era of colonialism has terminated and what he says, would be regarded as a violation of international law which isn't acceptable.

It would be highly appreciated if that esteemed Ministry looks into the issue and inform the Embassy of the results.

The Embassy of the Islamic Republic of Iran avails itself of this opportunity to renew the assurances of its highest consideration.
